 Osceola National Forest
 Florida National Scenic Trail

UF 31 Conservation Areas (main campus)

What is a “Protected Area”?

5

6

land surface protected:

1982: 3.5%

2021: 16.7%

7

Why Establish Protected Areas?

1. Conservation of biodiversity, species of concern
2. Protect areas that are important for biodiversity, threatened ecosystems
3. Conservation of geological diversity or other physical features
4. Conservation and harvesting of economically valuable natural resources
5. Conservation of ecosystems services (water, carbon)
6. Conservation of livelihoods, alleviating poverty
7. Protecting Cultural Heritage
8. Ensure the land rights of indigenous peoples
9. Providing recreation, educational opportunities, spiritual benefits
10. Connect multiple protected areas
11. Conflict Resolution (Parks for Peace)
